THE COOL E100 PROGRAM

RECTANGULAR DESKS

EXECUTIVE AND MEETING DESKS

100 cm HEIGHT MEETING TABLE

SAMPLE LAYOUTS – COOL E100

RECTANGULAR DESKS

MEETING DESKS
**FRAME**

1.5mm thick laminated steel, 60 mm diameter legs, 40 x 30 mm frame with epoxy finish. Moulded aluminium linking devices with epoxy finish. Frame is available in different finishes: silver (legs and beams), white (legs and beams).

**FINISHES**

- White
- Lime Oak
- Chestnut

**SUPPORTS**

Legs are available with three different supports: Anti-skid moulded aluminium leveller, height adjustable telescopic system, six different positions, one anti-skid pad and 65mm diameter castors with soft band (two lockable castors).

**ELECTRIFICATION**

The cable top access and steel box 1mm thick, are a complement for the metal cable tray, optimizing the desk space and are ideal for hot desking areas with different users on the same desk. It can be used either in individual or twin desks.

**OPTIONAL FOR PROJECTS**

- High Pressure Laminate (25 mm)
  - White
  - Lime Oak
  - Chestnut

For Projects that require surfaces in White HPL, consult SALES DEPARTMENT.
MATERIALS
Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability.

PRODUCTION
Maximum optimization of energy use. Minimal environmental impact. Last generation technological systems. Zero discharge of wastewater. No VOC coatings. Processes free of heavy metals, phosphates, OC and COD.

TRANSPORT
Detachable systems. Volumes that facilitate the optimization of space. Maximum reduction of energy consumption by transport.

USE
Quality and warranty. Long lasting. Replacements available.

DISPOSAL
Waste reduction. Supplier-manufacturer packaging reuse system. Components are easy to be separated. Inks in packaging are water-based, without solvents.

CERTIFICATES AND REFERENCES
The different programmes get points in different environmental categories to get the LEED certificate (sustainability, material and resources, water, energy and atmosphere, inner environment quality, innovation and design).

STANDARDS
COOL E100 has passed tests done in our technical department as well as the tests done in AIDIMA the Technological Institute for furniture. The tests correspond to UNE standards and office desks:

- **UNE: EN14073-2:05.** Office furniture. Tables and desks and storage furniture. Safety requirements.
- **UNE: EN 14073-3:05.** Office furniture. Tables and desks and storage furniture. Test methods for the determination of stability and strength of the structure.
- **UNE: EN 14074:05.** Office furniture. Tables and desks ans storage furniture. Test methods for the determination of strenght and durability of moving parts.
