Linking device: Silver
Trim: Black
Leg: Black
Foot: Polished
Leveler: Black

DESK TOP FINISHES

Melamine (25 mm)

White
Lime Oak
Chestnut

(See finishes cards)

LINKING DEVICE SYSTEM

Quick desk linking device. Desks are ready to be linked side to side. Linking device 4mm thick.

Worktop in different finishes

Easy access to cable tray (optional)

Optional complements

Moulded aluminium feet with black Polypropylene leveller (P.P.) Anti-skid

FRAME

Returns and links
Extruded aluminium beam 1.5 mm thick
Aluminium arms
Leg: Ø 100x60 mm tube, 2 mm thick aluminium. Cable riser is included

1. Arms: Moulded aluminium arms available in silver, white and black.
2. Beam: Extruded aluminium profile, curved triangular shape 1.5mm thick with epoxy cover. Available in silver, white and black.
4. Leg: 100x60 mm diameter tube, 2 mm thick extruded aluminium. Available in silver, white and black.
5. Feet: Moulded aluminium foot available in silver, white or polished. Two different sizes:
   - 72 cm for desks 80 cm, 88 cm and 100 cm width.
   - 55 cm for desks and returns 60 cm and 67 cm width.
MATERIALS
Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability.

PRODUCTION
Maximum optimization of energy use. Minimal environmental impact. Last generation technological systems. Zero discharge of wastewater. No VOC coatings. Processes free of heavy metals, phosphates, OC and COD.

TRANSPORT
Detachable systems. Volumes that facilitate the optimization of space. Maximum reduction of energy consumption by transport.

USE
Quality and warranty. Long lasting. Replacements available.

DISPOSAL
Waste reduction. Supplier-manufacturer packaging reuse system. Components are easy to be separated. Inks in packaging are water-based, without solvents.

CERTIFICATES AND REFERENCES
The different programmes get points in different environmental categories to get the LEED certificate (sustainability, material and resources, water, energy and atmosphere, inner environment quality, innovation and design).

STANDARDS
TRAMA has passed tests done in our technical department as well as the tests done in AIDIMA the Technological Institute for furniture. The tests correspond to UNE standards and office desks:
- UNE: EN14073-2:05. Office furniture. Tables and desks and storage furniture. Safety requirements.
- UNE: EN 14074:05. Office furniture. Tables and desks and storage furniture. Test methods for the determination of strength and durability of moving parts.
