**DESCRIPTION**

1. Integral Polyurethane [PU] seat and back moulded over steel plate 2 mm thickness.
2. Black ABS ending trim
3. Optional moulded aluminium arms in silver or polished finish.
4. Extruded aluminium central beam. Reinforced with internal frame
5. Moulded aluminium trim fixed by pressure and screwed. Available in silver and polished finishes.
7. Black polypropylene (PP) cap
8. Polypropylene [PP] levellers. Support for floor fixing or lining up in back to back benches.
9. Seat for disable people (optional)

**SIZES**

Total height: from 165 to 329 cm. Maximum length 6 m (10 seats)

- Width: 95,5 cm
- Seat width 48,5 cm
- Seat depth: 43,2 cm

**FRAME (finishes)**

- Silver
- Polished
- White
- Black
- Grey

Optional finishes available for large projects only
MATERIALS
Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability. 90,79% RECYCLED MATERIALS

PRODUCTION
Maximum optimization of energy use. Minimal environmental impact. Last generation technological systems. Zero discharge of wastewater. No VOC coatings. Processes free of heavy metals, phosphates, OC and COD. 100% RECYCLABLE ALUMINIUM, STEEL & WOOD

TRANSPORT
Detachable systems. Volumes that facilitate the optimization of space. Maximum reduction of energy consumption by transport. 100% RECYCLABLE PACKAGE AND ThINNER FREE

USE
Quality and warranty. Long lasting. Replacements available. EASY TO CLEAN AND MAINTAIN

DISPOSAL
Waste reduction. Supplier-manufacturer packaging reuse system. Components are easy to be separated. Inks in packaging are water-based, without solvents. 90,82% RECYCLED MATERIALS

CERTIFICATES AND REFERENCES
The different programmes get points in different environmental categories to get the LEED certificate (sustainability, material and resources, water, energy and atmosphere, inner environment quality, innovation and design).

STANDARDS
PASSPORT has passed tests done in our technical department as well as the tests done in AIDIMA the Technological Institute for furniture. The tests correspond to:
- UNE-EN 1022:05. Office furniture. Confident chair
## DESCRIPTION

1. Steel 2 mm thickness seat and back. Seat includes vinyl upholstered foam [Optional] in steel benches only
2. Black ABS ending trim
3. Optional moulded aluminium arms in silver or polished finish.
4. Extruded aluminium central beam. Reinforced with internal frame
5. Moulded aluminium trim fixed by pressure and screwed. Available in silver and polished finishes.
7. Black polypropylene (PP) cap
8. Polypropylene (PP) levellers. Support for floor fixing or lining up in back to back benches.
9. Seat for disable people (optional)

## SIZES

(Passport Avant benches have an extra support leg for benches with more than 6 seats)

## DIMENSIONS

Total height: from 165 to 329 cm. Maximum length 6 m (10 seats)
Total width: 95,5 cm
Seat width: 48,5 cm
Seat depth: 43,2 cm

## BACK AND SEAT (finishes)

[see finishes and fabric card]

Optional finishes available for large projects only

## FRAME (finishes)

Optional finishes available for large projects only

Auxiliary table 22 x 46 cm steel 5mm thickness plate, silver finish

Seat suitable for disable people 6 cm higher, moulded aluminium manufactured. Available in silver or polished frame. Different finishes for the seats.

Optional moulded aluminium arms in silver or polished finish.

Extruded aluminium central beam. Reinforced with internal frame.

Fix and line up system for face to face or back to back benches. 5 mm steel plate. Silver or polished finish. Please check n° 8 in the different bench finishes.
